## New York Republican State Convention Names Roosevelt as State Chairman

### EXCITING SCENES DURING A SPEECH MADE BY ONE OF THE OLD GUARD

Jeers and Cat-Calls Directed at a Speaker  
Who Denounces Roosevelt Prompts the  
Colonel to Leap to His Feet and Call  
for a Full Hearing for His Detractor.

Saratoga, N. Y., Sept. 28.—Theodore Roosevelt was today chosen temporary chairman of the Republican state convention after a bitter fight on the floor. The decisive vote came on a motion to substitute Col. Roosevelt's name for that of Vice President Sherman as candidate of the regular organization, known as the Old Guard. The balloting early disclosed Roosevelt in the lead and this steadily increased until his election was assured by a decisive majority.

Chairman Woodruff announced 1,012 votes were cast of which Roosevelt received 567, and Sherman 445, three not voting, giving Roosevelt a majority of 122 for the temporary chairmanship.

Saratoga, N. Y., Sept. 27.—Col. Theodore Roosevelt will be elected temporary chairman of the state convention which was scheduled to meet at noon today. William Barnes, Jr., leader of the Old Guard in a statement to the Associated Press shortly before 10 o'clock said:

"Vice President Sherman will have 490 votes out of 1,015, which will be cast on the floor. That is my guess. It may be that a few of the last counties in the roll call, seeing the way things are going, will switch over to the progressives."

Although Barnes concedes the defeat of the vice-president for temporary chairman, he intimated that there would be a fight on the floor of the convention.

State Chairman Woodruff will make a statement defining the position of the old guard with respect to the selection by the state committee of Vice President Sherman and it is not unlikely that Mr. Barnes will have some thing to say.

Stirred by the action of the Republican state committee, which last night resolved by a vote of 22 to 15 that no deceit or fraud had been practiced by the selection of Mr. Sherman as temporary presiding officer, Col. Roosevelt early today authorized the following statement:

Roosevelt's Statement.

"The conduct of a majority of the state committee last evening puts in the clearest light what this contest really is. The statement of Messrs. Grison, Crutwick, Kracke, Wana-maker and Henkel prove conclusively the trickery that was used in the effort to win a majority and keep the management of the party under the control of the men who have discredited it by their action. There has never been a state convention to which it was better worth going than is this one, for never before has an issue been so clearly drawn between honesty and dishonesty in public life and that peculiar business in political management which has made the very word politician obnoxious to the people. Our fight is squarely against corruption and the unclean bossism, which has bred corruption."

"The men who by trickery kept control of the state committee, and who now come here in an effort to dominate the convention, are the very men who are responsible for the corruption which produced Aldis, and for all that has been discredited in the party management, and now these deeply discredited bosses resent the effort of the people, the effort of the plain people who make up the great bulk of the Republican party, to rescue that party from the factions which

which was made according to the law and which to this day is unchanged. When the United States appellate court reversed Judge Landis, the same shooter, not from the head of a barrel, but from the White House, sanctified by Abe Lincoln, told the people of the United States that the judges had been guilty of miscarriage of justice.

Appeals to Laboring Men.

"Workingmen of the United States, do you recall that when Haywood and Moyer were on trial for their lives, this same shooter, with all the power of the President of the United States, sought to influence the jury by holding up these leaders of labor as undesirable citizens?"

"A French king once said, 'I am the state.' No sane man may ever say, 'I am the United States.' The lungs of the country are not its brains. Men who a few moments ago believed, now disbelieve, men who worshiped then, now execrate, and throughout the country the business men as such are facing panic and as lovers of their rights and liberties, are fearing revolution. From Caesar to Napoleon, from Napoleon to the American Jack Cade.

"When given power to shoot the trusts, he drew a line between the good ones and the bad ones. The steel and sugar trusts were the good ones; they that would not help along the

(Continued on Page Seven.)

### FREE TRADE IN ENGLAND

Has Made That Country  
the Rag Bag of  
the World

New York, Sept. 27.—Free trade has made Great Britain the world's rag bag, according to W. B. Baker, an English tariff expert and writer upon economic subjects, who is in New York on his first visit to the United States to study economics here at short range.

"The condition of the American workman is far above that of his British brother," said Mr. Baker. "Owing largely to unemployment and extremely low wages, British workers live from hand to mouth. Very few have any tangible property, while a very large per cent of American workmen have land and houses of their own. Besides, American workmen have almost \$4,000,000,000 in savings banks, while British workers have only \$1,000,000,000."

"The aspect of commercial and industrial England resembles most closely that of the state of New York, but New York state alone has more money in the savings banks than the whole United Kingdom, while per head of population there is in the savings banks of England only \$25 as compared with \$200 in New York."

"The average wage of all wage-earners for full employment in the cotton trade in England is \$4.50 a week. In the woolen trade it is \$3.50, in the clothing trade about the same, while in the linen trade it is less than \$3. Agricultural laborers receive from \$2 to \$4.50 a week. These are scarcely living wages."

### DEATH OF MRS. ELIZABETH CLARK

Kaysville, Sept. 26.—Mrs. Elizabeth Clark died at her home in Kaysville at 1 o'clock this afternoon, after a few hours' illness, of blood poisoning. Early this morning she gave birth to twin girls, and they are

still alive and doing well. Deceased was the oldest daughter of Mr. and Mrs. William Butcher, and was born in Kaysville thirty-nine years ago, and has always resided here. Twenty years ago she married David Clark, who, with two small children still survive her, one child having preceded her to the great beyond. Her parents, four sisters and two brothers, still survive. The time and place of the funeral will be decided later.

### BIG STRIKE EXPECTED IN MANCHESTER, ENGLAND

Manchester, England, Sept. 27.—A lockout of 150,000 operatives in the cotton mills appears unavoidable unless there is a marked change in the situation soon. The secretary of the Card Room Amalgamation declared today that the employees would not accept arbitration on the terms imposed by the Federation of Master Cotton Spinners.

### CARPENTER HAS A FALL

Drops Five Stories and  
Simply Loses His  
Memory

Denver, Sept. 27.—Complete loss of memory, resulting from a concussion of the brain, was the only effect of a fall of five stories below. Fellow workman, rushing to his aid, were astounded to see Stillhammer get to his feet and start towards them.

"What's all the excitement about?" asked Stillhammer.

When told he had had a bad fall, he remarked casually, "Is that so? What town is this any way, St. Louis?"

He was taken to a hospital, where it was found that he had suffered no injuries beyond the concussion of the brain, from which, it was declared, he will probably fully recover within a few days.

### WORLD'S MARKETS

PRICES MOVE UPWARD  
GRADUALLY AT NOON

New York, Sept. 27.—Prices of stocks varied only an eighth today or one-quarter from last night's close for the principal issues. The amount of orders was sufficient to effect a greater movement. Reading opened unchanged and then sagged 3/8. Stocks were offered for sale on rallies, and the rise which followed the bidding up of Chesapeake & Ohio was lost.

Reading and Union Pacific were sold persistently and their decline dragged down the rest of the market. There were a number of substantial advances in less active stocks. Central Railroad of New Jersey sold at an advance of 15 points on one transaction.

Traders in stocks watched Reading closely for guidance in their operations. The signs of realizing in that stock and the lack of confirmation of the rumors which gave it strength yesterday had an effect on the speculation. Prices moved upward gradually toward noon.

Bonds were firm.

Chicago Livestock.

Cattle—Receipts estimated at 9,000, market slow, beefs 46¢-62¢, Texas steers 36¢-50¢, western steers 42¢-65¢, stockers and feeders 41¢-55¢, hogs and heifers 22¢-50¢, calves 74¢-92¢.

Hogs—Receipts estimated at 13,000, market weak, light 92¢-96¢, mixed 85¢-95¢, heavy 85¢-94¢, rough 85¢-95¢, good to choice heavy 85¢-94¢, pigs 85¢-94¢, bulk of sales 87¢-91¢.

Sheep—Receipts estimated at 45,000, market steady, 1½c off, native 26¢-32¢, western 34¢-42¢, yearlings 45¢-54¢, lambs, native, 47¢-71¢, western 54¢-71¢.

New York Money.

New York, Sept. 27.—Money on call, easy, 1 7/8-2 per cent; ruling rate 2 per cent; closing bid, 2 per cent; offered at 2 1/4 per cent. Time loans, firm. For sixty days, 3 1/4-4 1/2 per cent; for ninety days, 4 1/4-5 1/2 per cent; for six months, 4 1/2-5 per cent.

Omaha Livestock.

Omaha, Sept. 27.—Cattle, receipts, 87. Steady. Native steers 5.70-7.75, western steers 3.75-6.55. Stockers and feeders 3.60-6.00; calves 3.50-7.00; cows and heifers 3.50-5.75.

Hogs—Receipts, 4,000. Steady. Heavy 8.50-8.75; mixed 8.40-8.50; light 8.70-8.85; pigs 8.75-9.00; bulk, 8.30-8.50.

Sheep—Receipts, 27,000. Steady. Yearlings, 4.50-5.40; wethers 3.50-4.20; ewes, 3.25-3.75; lambs 6.40-6.90.

Sugar and Coffee.

New York, Sept. 27.—Raw sugar, common, muscovado 374; centrifugal 324; classes sugar, 349. Refined spot, 100.

Coffee spot, firm.

### ASSISTANT POSTMASTER

Hereafter Must Pass the  
Civil Service Exam-  
nation

Washington, Sept. 26.—The first definite result of the cabinet sessions in Washington was the announcement today that President Taft would tomorrow issue an executive order extending the civil service to include all assistant postmasters. The president will also recommend to congress that the second and third class postmasters be placed under civil service. This action is in line with Postmaster General Hitchcock's recommendations. By tomorrow's order some 800 assistant postmasters will be affected. The cabinet today took up in detail the departmental estimates for the coming year. General Wood, before the cabinet met, went over the war department estimates with the president in the absence of Secretary Dickinson.

Mr. Taft also discussed with his cabinet the speech he is to deliver in New York Saturday night.

This is expected to be Mr. Taft's last political utterance of the campaign.

### EPIDEMIC IS WIDESPREAD

People Are Fleeing from  
Naples to Escape  
Cholera

Rome, Sept. 27.—With the removal of the censorship, startling details of the cholera epidemic at Naples are being received. A number of persons have died in the streets and the regular extension is such that the police have great difficulty in maintaining order.

It is reported that 100,000 persons of the wealthier classes already have fled from Naples.

### NUMEROUS MURDERS

Cowboy Highwayman  
Supposed to Be Guilty  
of Many Crimes

Bisbee, Ariz., Sept. 27.—The body of Albert Weighforth, aged 30, who came here recently from Indianapolis, was found in a field near Naco, eight miles south of Bisbee, yesterday, adding another to numerous crimes in the bad country in the last week.

The badly mutilated body and the torn up earth where Weighforth fell gave evidence of a terrific struggle. It is supposed he was murdered by a cowboy highwayman who has been seen in the vicinity of other crimes recently and who, single handed, held up a saloon at Benson last night and escaped after securing \$35.

### SMALL BOY IS KIDNAPED IN NEW YORK

New York, Sept. 27.—Peter Cirincion, the six-year-old son of a wealthy Armenian, was enticed from in front of his home in Union Hill, N. J., yesterday by two men in a carriage and was driven away. The police are searching for the kidnappers.

### WILD WEST SHOW CLOSED THE COAL MINES

Terre Haute, Ind., Sept. 27.—A wild west show was the cause of closing eight coal mines in the Linton dis-

trict yesterday. Two thousand miners employed in the mines insisted on attending the show and the only course left was to close down.

The mines are several weeks behind with orders.

### COW GIVES EIGHTY-NINE POUNDS OF MILK

Columbia, Mo., Sept. 27.—Chief Josephine, the prize cow of the University of Missouri, now bids fair to become the champion milk cow of the world.

Eight months ago, keepers of the animal began a race for the record for one year. In the time that has elapsed since the start, her milk yield has been greater by 2,000 pounds than that of any other cow that has ever lived. Josephine's daily yield has been 89 pounds. Her best record for a single day is 119.2 pounds. The cost of feeding her is about forty cents a day.

### WILL LIMIT BORROWING

National Banks Are to  
Submit Their Loans  
to Washington

Washington, Sept. 27.—In order to prevent firms and individuals from borrowing to the extent of their credit in their own cities, then going elsewhere and doing the same, the comptroller of the currency Murray has decided on the establishment of a central credit bureau in Washington, in which will be recorded all such borrowings from national banks.

The credit bureau will be located in the office of the comptroller. The necessity for its establishment arises from the fact that very often the local borrowings of institutions are to the extent of their ability to pay, and obligations which the national examiners have no knowledge exist in other districts. The effect is to impair the solvency of the national banks holding the paper.

Many examiners already have organized individual bureaus which show the borrowings of firms or individuals in his own district. They have been very useful in assisting the examiners to determine the value of commercial paper and other obligations held by the national banks. Comptroller Murray is expanding this system into a national one, by which private information of the resources and borrowings of every firm, partnership or corporation will be recorded in Washington and confidentially exchanged between the examiners.

### CONTESTING THE WILL OF MRS. MARY PURCELL

Los Angeles, Cal., Sept. 27.—When Mrs. Mary Purcell died here May 12, 1910, leaving an estate valued at more than \$400,000, the bulk of which she desired to bequeath to charitable institutions, it was found she had not specifically mentioned in her will the different charities she wished to benefit, trusting to her husband's brother, Charles A. Purcell of Oak Park, Ill., whom she named as one of the executors, to carry out her wishes.

Unfortunately for her plans, the heirs who are out of her will, intended beneficiaries have filed a contest in the superior court here alleging that the instrument is invalid because of its indefiniteness and uncertainty.

### PACIFIC CONGRESS TO ADVOCATE PACIFIC FLEET

San Diego, Cal., Sept. 27.—The holding of a Pacific coast congress at San Francisco to adopt measures for urging upon Washington the necessity of maintaining a fleet of battleships on the Pacific coast, as recently recommended by Rear Admiral Robley D. Evans (retired), was endorsed yesterday by the San Diego chamber of commerce.

Telegrams were sent to Governor Gillett informing him of the association's action and to commercial and municipal organizations of the principal coast cities asking their cooperation.

### SEMBRICH HAS A VERY NARROW ESCAPE

Lausanne, Switzerland, Sept. 27.—Mme. Marcella Sembrich narrowly escaped injury at her villa here Sunday night when a man, who had presumably entered for the purpose of robbery, attacked her companion, Frau Bertha Mielke, known in America as Miss Frieda, in the grounds surrounding the house. The prima donna rushed to her friend's assistance and was herself attacked, but succeeded in driving off her assailant.

### PINCHOT'S WARNING

Is the Talk of the Dele-  
gates at Mining  
Congress

Los Angeles, Cal., Sept. 27.—Gifted Pinchot's declaration that the conservation idea had taken such hold on the American people that it was bound to prevail and that it would be wise for the mining and oil men of the country to take up and aid, rather than oppose it, was the principal topic of discussion among the delegates to the American mining congress today.

The former chief forester disclaimed any thought of a threat, but asserted as a matter of conviction that there was no stopping the advance of conservation, and that as a matter of policy the American mining congress should aid the conservationists in changing laws which would be satisfactory and just to all interests.

Resolutions demanding the enactment of employers' liability laws that will have the effect of rendering mine operators and heads of other industries more cautious and thus protect the lives of their men, constituted one of the main subjects for discussion in the resolutions committee today.

The resolutions were offered by David Ross, delegates from the coal fields of Illinois. Statutes are recommended which will provide definite sums as compensation for personal injuries in mine accidents, without the necessity of having to prove negligence in court. The main clause of the resolutions sets forth:

"That it is the sense of this congress in order to remove the cause of much expensive and detrimental litigation, and to guarantee a reasonable measure of protection to those who daily risk their lives in mining and other productive occupations of the country, that laws should be enacted in the different states specifically defining the duties of employers in this respect, by providing 'definite compensation in the case of all injuries.'"

"Believing that such legal requirements would result in greater caution, thereby tending to reduce the number of fatalities and to that extent conserving the lives of our citizens, the congress expresses its earnest conviction of the justice of making such provisions against the financial losses sustained through accidents and pledges its influence and support in behalf of such legislation by the federal and state governments."

Other resolutions presented today commend the federal bureau of mines for its activity in the direction of lessening the hazard of mining; recommending the establishment of a national "chemico-physical laboratory" for the development of new and better processes of treatment of ore, and urging that the bureau devote special attention to assisting legitimate mining interests in the task of eliminating wildcats.

### TWO TELEGRAMS TOLD OF DEATHS

Aurora, Ill., Sept. 27.—Two telegrams, each announcing the death of one brother to the other, crossed each other between Watson, Mo., and Sunday night. One was sent from Aurora to David Smith, at Watson, announcing the death of his brother, Captain C. H. Smith, an Aurora millionaire, and the other was from Watson to the Aurora brother, telling of the death of David. Each telegram told that the brother had died at 3:30 o'clock.

### DATE OF CHAMPION SERIES TO BE FIXED

Chicago, Sept. 27.—C. W. Murphy, president of the Chicago Nationals, has agreed to advance the game with St. Louis set for October 15, one day, thus closing the National league, October 14.

At the American league headquarters, President B. B. Johnson reiterated his ultimatum that the championships must be set in motion not later than October 13. That something definite as regards the dates will be known shortly is the news passed around by Johnson.

August Herrmann, chairman of the National commission, wired yesterday from Lynchburg, Va., to the effect that a meeting of the baseball tribunal would probably be held here Monday, at which time the problem would come up for final decision.

**BALLOON ASCENSION**  
At the Fair Grounds each day, beginning Monday afternoon. Daredevil Dick will go up each day and jump with a parachute.

**THE HIGH DIVER**  
Clarence Filler will Dive through the air, beginning Monday, September 26th.  
ALL AT THE FAIR GROUNDS  
ADMISSION BEFORE 6 P. M., 50 CENTS. ALL DAY SUNDAY ONLY 25 CENTS.  
ADMISSION AFTER 6 P. M., 25 CENTS. ALL GRAND STAND SEATS FREE.  
CHILDREN UNDER 14 YEARS, HALF PRICE AT ALL TIMES.

**YOUR SUCCESS AND OURS**  
Our success depends on the success of the people who deposit and borrow here.  
Only as our customers are successful can we hope to continue to build up a strong business.  
On the other hand, our people are dependent on the bank for many services which they could not get otherwise. The benefits of a bank connection are numerous, and the service rendered by this bank to customers is just a little better than they expect from any bank.  
Your business will be welcomed and receive our best attention as we have ample means and facilities to properly care for it.
